

# The Challenger Learning Center at Wheeling University

Dear Valued Customer,

The Challenger Learning Center of Wheeling University would like to update you regarding the health and well-being of our campus family as well as those visiting our facilities.

Wheeling University has formed a COVID-19 task force that is in regular contact and communication with federal, state and local health authorities, including the Centers for Disease Control and the Wheeling-Ohio County Health Department. Up to date information can be found on the [Coronavirus](#) page on the University website.

The Challenger Learning Center has several plans of action in place at this time until further notice:

- For those of you who experience the closing of your schools or the limited travel within your schools, we would like to be informed as soon as possible if you plan on cancelling your missions. Please call 304-243-8740 or email [clc@wju.edu](mailto:clc@wju.edu)
  - If your mission was paid in advance, we will issue a credit to your school that you can redeem within one year of the cancelled mission date.
- For those who will conduct the missions and bring students to campus, we will take all precautionary measures against the possible spread of infection by secluding your students in the Challenger Learning Center area.
  - The Benedum Cafeteria will be open only for the campus population at this time.
    - To safeguard your students, you have the option of having lunch provided for you at the Challenger facility via the Aladdin Food Service (options attached).
    - Or you may bring bagged lunches to the Challenger Learning Center facility.
  - Campus tours are suspended until further notice.
- Should the University close for any amount of time, we will contact you as soon as we are notified and provide whatever information we can.

We appreciate your patience and cooperation during this unpredictable time. If we can answer any other questions/concerns.... Please don't hesitate to contact us.

Regards,  
The Challenger Crew
